Inspection

Type: ROUTINE INSPECTION

Date: OCT-12-2004

3901 WEST STATE HIGHWAY O
SPRINGFIELD, MO 65803

2.40 (b) (3)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

(3) Daily observation of all animals to assess their health and well-being; Provided, however, That daily observation of animals may be accomplished by someone other than the attending veterinarian; and Provided, further That a mechanism of direct and frequent communication is required so that timely and accurate information on problems of animal health, behavior, and well-being is conveyed to the attending veterinarian;

One Asian Elephant, Duchess has a long crack in a toe on the right rear foot . The crack is being treated with foot trims and dilute chlorox applied to area . There is no written record that this treatment is being done . Records of hoof care and on going treatments need to be kept for USDA review Since the animals are in travel status such records are important to assure proper care if vet treatment is needed while on the road
Correct By : 10-25-04

Inventory : 3 Asian Elephants (Janice , Duchess Tory)
2 camels

Inspection was conducted with [redacted] at Jordan Circus performing in San Marcos , Texas
